Sir,

Sub:-Malaria - South Kanara District - Anti-malaria scheme - Payment of Travelling Allowance to certain staff -

Ref:-G.O.Ms.No.3067, Health, dated 13-11-54.

In the Government Order cited, sanction has been accorded to the payment of Travelling Allowance and Fixed Travelling Allowance to certain categories of the staff of anti-malaria schemes under the control of the Public Health department.

The Health Officer, South Kanara District, Anti-malaria Scheme, Puttur, for the reasons stated in his letter R.No.139/55, dated 2-2-45 (copy enclosed) requests that the 5 Field Assistants of the South Kanara District, Anti-malaria Scheme (3 Field Assistants in Puttur Taluk and 2 in Karkal Taluk) may be allowed to draw Travelling Allowance as per Madras Travelling Rules in ~~xiew~~ lieu of Fixed Travelling Allowance allowed in the G.O., even though ~~xxtaixuk~~ their jurisdictions do not extend beyond a taluk. The Assistant Director of Public Health (II) who ~~visited~~ the area during May 1955, recommends the proposal of the Health Officer, as the Field Assistants in question have to travel long distances and in view of the previous orders ~~x~~ of Government sanctioning Travelling Allowance as per Madras Travelling Allowance Rules as a special case, in G.O.Ms.No.4123, H dated 6-12-1950. I therefore request that the five field assistants (3 in Puttur taluk and ~~2~~ Karakal taluk) of the South Kanara District anti-malaria Scheme, may be allowed to draw Travelling Allowance as per Madras Travelling Allowance rules.

Yours faithfully,

for Director of Public Health,
Madras-6.

Copy of Letter R.No.139/55, dt. 2-2-1955 from the Health Officer, Dt. Malaria Scheme, Puttur, South Kanara Dt.

Sub:-Malaria - Tour Travelling Allowance of Field Assistants on Entomological duties.

I submit that 5 Field Assistants are sanctioned (3 at Puttur & 2 at Karkal) for Entomological Collections in the two taluks and through the Field Assistants employed in the subunits for spray and distribution of anti-malarial drugs with limited area for tour were granted F.T.A. (Rs.19-14-0). The Field Assistants on Entomological work were allowed to claim T.A. under M.T.A. rules as they had to cover long distances by bus and had to do quick marches.

The Field Assistants for routine duties in various subunits in Puttur Taluk (including recently seperated Beltangady taluk) are 12, each having about 9 or 10 villages to tour. These Field Assistants are paid F.T.A. at Rs.19-14-0 per month.

The 3 Field Assistants in Puttur Taluk, who are doing Entomological work have to cover the areas upto 30 to 40 miles to reach the fixed mosquito collection stations and the bus fare itself amounts to about 0-8-0 to 0-14-0 each day If they are to get only Rs.19-14-0 as F.T.A. for 20 days tour it is just less than Re.1/- per day.

P.T.O.

Even the peons are permitted Re.0-12-0 Daily Allowance in addition to bus fare, where as the Field Assistants on Entomological work will be getting less than 0-4-0 per day after paying bus fare which is very inadequate.

For the above reasons the Field Assistants on Entomological work were permitted to draw T.A. as per M.T.A. rules vide G.O.Ms.No.4123 (Health) dated 6th December, 1950 (a copy of which is enclosed for perusal.)

I therefore request that the 5 Field Assistants on Entomological work may be allowed to continue the benefit of relaxation of T.A. rules which had been permitted so far.

If however the F.T.A. of Rs.19-14-0 only has to be paid to them, their area of work has to be reduced considerably whcih would not give the required Entomological data on the entire area covered by this scheme especially since most of the villages under spray are 16 to 24 miles away from Headquarters (Puttur) in various direction.

Hence I request that this request may be considered favourably.
